

PREFACE

This training circular is a training support package for training urban operations. It provides guidance for leaders conducting training in urban environments across the full spectrum of Army operations: offense, defense, stability, and support. The focus of this circular is on effective usage of the home station urban training facilities: Urban Assault Course (UAC), Shoot House (SH), Breach Facility (BF), and Combined Arms Collective Training Facility (CACTF). Although the primary focus of this circular is on the four primary home station facilities, with modification it can also support urban training in non-standard facilities.

The proponent of this publication is the US Army Infantry School. Submit changes for improving this publication on DA Form 2028 directly to Commandant, US Army Infantry School, ATTN: ATSH-OT, Fort Benning, Georgia 31905-5593.
